Food Strategy Australia New Zealand.

Food Strategy are the "Vision Planners"

Simplify your foodservice project with accurately designed and council approved plans in 3D that communicate your vision to all your stakeholders.

Achieve operational excellence of your food business and meet your budget and time restraints with quality project solutions and unbiased catering equipment procurement .

Your vision - planned and brought to life.

Foodservice design and project consultancy is a specialised field incorporating complex knowledge of sustainable design, construction, commercial catering and laundry equipment, procurement, OH&S, project management, foodservice, work flows, HVAC, HACCP, building and health codes.

Food Strategy is internationally accredited by www.fcsi.org (Foodservice Consultant's Society International), tested annually and holds memberships to key industry associations.
